

PROMOTING PRACTICAL WORK

HOW?

CLEAPSS PROVIDES

Tried and
tested practical
activities

Support for
leaders in charge
of health & safety

Risk
assessments

SUPPORT FOR SCIENCE.

D&T, FOOD and ART

ACCESS OUR
RESOURCES IN 3 WAYS

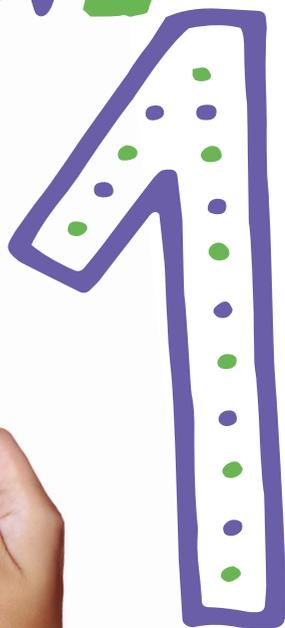

EXPLORE is our magazine designed to make CLEAPSS primary resources even more accessible to you.

You will find practical teaching ideas, advice, updates, articles by guest writers and much more.

Addressed to the science leader, EXPLORE arrives in school after every half term.

MAGAZINE

Teaching Ideas

Practical activities & resources.

Download resources that have been developed with teachers, trialled in schools, have safety built-in, and are cost effective.

Doing things safely

Easy to understand safety and risk assessment guidance for primary school practical work.

Comprehensive, definitive safety advice and equipment guidance. Recognised by DFE and HSE as best practice.

Leadership

Guidance and advice to help leaders manage safety in practical subjects e.g. activity and H&S training materials.

CAN
WE USE
GLASS?

Is it safe to use
shaving foam?

The CLEAPSS helpline is a free service available to all members. As virtually all primary schools are members, it is likely that you'll be able to contact us for advice on almost any aspect of practical science, DT, food or art.

CAN YEAR 1
CHILDREN
USE KNIVES?

ARE WE ALLOWED TO USE TOILET ROLLS?

3 HELPLINE
